KANSAS LEGISLATURE IN SPECIAL SESSION.

No Doubt That the Bridge-Enabling Act Will Be Enacted-Some Kind of Charity Bill Will Be Passed.

Topeka, Kas., June 24.- The special ses sion of the Legislature called by Governor Wm. J. Bailey to enact a flood relief measure, convened this afternoon, enough mem-bers having arrived to insure a working

quorum in both houses. The principal subject of contention wil be whether general relief bill or local bills shall be passed. There seems no doubt about the "enabling bridge act" law being made legal quickly. It also is considered certain, from expressions of advance members here, that a charity bill of some nature will be passed. The best authorities differed as to the legality of such action but as one well-known legislator remarked to-day, after viewing the ruins in North Topeka. "The crisis seems so great and the need so pressing that relief will undoubtedly be granted and the courts can settle the legality of such action later. There is some difference of opinion also over the question of organizing the Legislature. The majority think, however, that the old organization will stand. The legislatures were shown over North Topeka's ruins by the Commercial Club to-day before convening.

Governor Balley, in his measure sent to the Legislature, urges prompt action to but as one well-known legislator remarked the Legislature, urges prompt action to enable counties to build bridges and ex-presses the hope that the special session will not be utilized for general legislation.
